# ANKIT KUMAR

## DEVELOPER

U.P | ankitgupta5912@gmail.com | 7048922585 | GitHub | LinkedIn

## SUMMARY

Versatile software developer skilled in modern frameworks, backend services, and data management. Experienced in building interactive applications with strong focus on usability, scalability, and performance. Adept at integrating APIs, implementing automation, and applying NLP techniques to solve real-world problems.

## PROFESSIONAL SKILLS

Leadership

Team Collaboration

Problem Solving

Visual Design

## TECHNICAL SKILLS

Python, Git & GitHub, Fast Api, spacy, CSS Stream lit, My SQL & SQL(Basic), T-Kinter, Data Structures & Algorithms (DSA), Html.

## PROJECTS

### Schedule-life AI                                                    Jun 2025 - July 2025

- Developed a conversational AI assistant to schedule appointments using natural language queries like "Book a meeting for tomorrow at 3 PM."
- Built backend API using Fast API and Lang Graph to manage conversation flow and intent handling.
- Integrated Google Calendar API using OAuth 2.0 authentication and securely managed service account credentials.
- Implemented NLP with spacy and date parser to extract dates, times, and meeting intents from free-text input.

### Mantenere                                                          July 2024 - Sep 2024

- Built a scalable contact management system to streamline corporate data organization.
- Built an interactive GUI using T-kinter, enhancing usability and accessibility for non-technical users.
- Implemented MySQL as a backend database, ensuring robust data storage and retrieval with optimized SQL queries.
- Incorporated search and filtering functionalities, improving contact lookup efficiency by 40%.

## EXPERIENCE

### Software Developer Intern - YugaYatra Retail (OPC) Pvt. Ltd.      July 2025 - Sep 2025

- Developed 3+ production websites including divorce.in, 12thfail, and LinkCab, enhancing user accessibility and client reach.
- Utilized Cursor AI, Vercel, Firebase, and other cloud tools to optimize development and deployment workflows, reducing release time by 30%.
- Designed and integrated user-friendly interfaces and digital assets using Canva and other collaborative tools.

## EDUCATION

### Bachelor of Technology in Computer Science                        Nov 2022 - Ongoing
Raj Kumar Goel Institute of Technology (RKGIT), Ghaziabad CGPA: 7.9

*Ghaziabad, U.P*

### Senior Secondary (Bihar Board)                                             Mar 2021
S Sinha College, Percentage: 66.2% | Division: 1st

*Aurangabad, Bihar*

## ADDITIONAL INFORMATION

**Languages:** English, Hindi.

**Certifications & Awards**

Artificial Intelligence by Tech-nook.
